

Aspects of Internet Learning in Mathematics

Presenters: Robert Woods, Paul O'Heron, Marvin Blachman and Jean Krichbaum
Broome Community College

February 23, 2002

9:30 am - 11:30 am

Applied Technology Building, room AT-020

This workshop will do the following:

1. Introduce participants to WebCT.
2. Introduce participants to math services offered by publishing companies over the Internet.
3. Show participants how the Internet can be used in the mathematics classroom.
4. Show participants an overview of BCC math courses offered over the Suny Learning Network.
