

Seminars - Academic year 2023-24

Refreshments are served daily in WH-102 at 3:15pm on MWF and at 4:00pm on TTh.

Our colloquium targets a general and unspecialized audience with mathematical background, while there are more specialized seminars in different areas listed below.

Most of the colloquium and seminar talks are given in WH-100E.

- Colloquium: Thursdays at 4:15 unless otherwise stated.
- Annual Peter Hilton Memorial Lecture
- Seminars in different areas
 - Algebra: Tuesdays at 2:50
 - Analysis: Wednesdays at 4:00
 - Arithmetic: Tuesdays at 4:15 or Mondays/Fridays at 3:30
 - Combinatorics: Tuesdays at 1:15
 - Data Science: Tuesdays at 12:00
 - Geometry and Topology: Thursdays at 2:50
 - Statistics: Thursdays at 1:15
- Student Seminars
 - Math Graduate Student Seminar
 - "No Theory" Seminar
 - Undergraduate Math Club Talks
 - Summer 2012 Stochastic Modeling
 - Capstone seminar for the MAS program
- Travel Information
